

## Centre for Mathematics, Science and Technology Education in Africa (CEMASTEA)

### JOURNAL OF MATHEMATICS, SCIENCE, AND TECHNOLOGY EDUCATION (JOMSTE)

#### A Call for Papers for the Inaugural Issue

The Journal of Mathematics, Science and Technology Education (JOMSTE) is a high quality peer reviewed research journal by the Center for Mathematics, Science, and Technology in Africa (CEMASTEA). JOMSTE provides a platform for researchers, academicians, professional practitioners and students to impart and share knowledge in the form of high quality empirical and theoretical research papers, case studies, literature reviews and book reviews in the fields of mathematics, science and technology education. Multidisciplinary research is valued and is also welcome for publication in the journal. The journal is scheduled for publication online biannually.

Editorial decisions are made by a team of experienced Editorial Board members who are active researchers. They manage the peer review process and make decisions about the manuscripts to be published.

This is a call for papers to be published in the inaugural issue of the journal scheduled for mid-2020

**Submissions Open:** January, 15 2020 - March, 16 2020.

#### **How to Submit a Manuscript**

Please read the guidelines for authors on formatting and submitting manuscripts available on CEMASTEAs website at [www.cemastea.ac.ke](http://www.cemastea.ac.ke) under announcements. If you would like to discuss your paper prior to submission, please contact the Coordinator, Research and Development, and Knowledge Management at [rdcoordinator@cemastea.ac.ke](mailto:rdcoordinator@cemastea.ac.ke)

**Reviewers Feedback on the Manuscript:** Within 4 – 6 weeks from the last date of the call for papers.

**Submission Deadline:** 16/03/2020
